

CTAS Environmental Blog Subscription Directions

The intent of the CTAS environmental blog is to give solid waste professionals in Tennessee a place to ask questions, query their community, post resources, and share news relevant to solid waste practice.

The URL for the CTAS environmental blog is—
<http://ctasenvblog.tennessee.edu>

After accessing the blog, you can scroll down the page to see the posts. Click on a post to read the entire article. The content for the blog is organized by date and by topic. The newest posts will be at the top of the page. All posts will be assigned a category and the categories are listed on the left side of the site.

The screenshot shows the CTAS Environmental Blog homepage. The header includes the CTAS logo (University of Tennessee County Technical Assistance Service) and the blog title. Navigation links for Webmail, Tmail, Online@UT, and A-Z Index are present. A search bar and a 'Campus' dropdown menu are also visible. The breadcrumb trail reads: CTAS Home Page > CTAS Environmental Website > CTAS Environmental Blog. On the left, there is a search box and a menu with sections: Pages (Ask a question/ blog FAQ..., County and Public Program Websites), Links (CTAS Environmental Services, Receive News by Email, TDEC Waste Reduction Task Force), and Categories (Collection/Transfer, County Programs, Events). The main content area shows two posts from November 6, 2007. The first post is titled 'Scrap Tire Facts', filed under 'HHW and Problem Waste - 3R's' at 5:29 pm. The text discusses the decreasing stockpile of scrap tires according to the Rubber Manufacturers Association, noting that as much as 87% of scrap tires were utilized in 2005. A link to a complete report is provided. The second post is titled 'E-Waste Stewardship Solutions', also filed under 'HHW and Problem Waste - 3R's' at 5:27 pm. The text mentions that private sector/public sector partnerships are needed to address e-waste recycling, and that recent laws in Washington and Maine are making manufacturers bear the burden of handling e-waste. A link to an article from Public Works magazine is provided.

Users can subscribe to the site to receive e-mails when new articles are posted. To subscribe to the site, click on the Receive News by Email link.

This screenshot is identical to the one above, but with a black arrow pointing to the 'Receive News by Email' link in the left-hand navigation menu. The arrow originates from the bottom left and points towards the 'Receive News by Email' text.

Complete the subscription form and click on the Complete Subscription Request button.
